

Gómez & Gómez DLE Model
Dual Language Training Institute

Qualifications

Dr. Leo Gómez, retired professor in the field of Bilingual/ESL Education, has implemented the Gómez & Gómez Dual Language Enrichment (DLE) Model since 1996. The *Dual Language Training Institute* is offering a **2-Day Training** titled: *DLE Lesson Cycle: Creating Lessons that are Challenging, Interactive & Authentic (CIA) as used in the Gómez & Gómez DLE Model*. This 2-day training is applicable to all grade levels and only in schools or districts currently implementing the Gómez & Gómez DLE Model.

Over the last 20 years, his research has focused on linguistic and academic issues that affect language minority populations, particularly Spanish dominant *DLLs*. He has published several articles on DLE, describing the need for schools to implement *enrichment* models of bilingual education that not only more effectively educate bilingual learners, but all children. To this end, he has been extensively involved in the development, implementation and assessment of one-way & two-way dual language programs implementing a *Dual Language Enrichment Model* he originally developed in 1995. The consistent implementation of this model has proven effective in improving the long-term academic and linguistic achievement (based on standardized test in reading & mathematics) of Spanish and English dominant students.

Today, the **Gómez & Gómez Elementary DLE Model** is successfully implemented in over **736 elementary schools** and the **Secondary DLE Model** is successfully implemented in **16 middle schools and 6 high schools in 137 school districts across 11 states: Alaska, California, Colorado, Illinois, Kansas, New Mexico, New York, Oklahoma, Oregon, Texas and Washington.**

Dr. Leo Gómez has conducted countless professional development workshops on DLE program development and implementation and other topics in the field of bilingual/ESL education, as well as secured, administered and evaluated Title VII and Title III Bilingual/ESL grant programs.
