

Gómez & Gómez DLE Model  
Dual Language Training Institute

### Qualifications

Dr. Leo Gómez, retired professor in the field of Bilingual/ESL Education, has implemented the Gómez & Gómez Dual Language Enrichment (DLE) Model since 1996. The *Dual Language Training Institute* is offering a **2-Day workshop** titled: *Spanish Literacy, Spanish Science & Social Studies Using Inquiry-Based Learning in the Gómez & Gómez DLE Model*. This 2-day in-service is conducted **totally in Spanish** and is applicable to All grade levels currently implementing the **Gómez & Gómez DLE Model**.

Over the last 20 years, his research has focused on linguistic and academic issues that affect language minority populations, particularly Spanish dominant *DLLs*. He has published several articles on DLE, describing the need for schools to implement *enrichment* models of bilingual education that not only more effectively educate bilingual learners, but **all** children. To this end, he has been extensively involved in the development, implementation and assessment of one-way & two-way dual language programs implementing a *Dual Language Enrichment Model* he originally developed in 1995. The consistent implementation of this model has proven effective in improving the long-term academic and linguistic achievement (based on standardized test in reading & mathematics) of Spanish **and** English dominant students.

Today, the **Gómez & Gómez Elementary DLE Model** is successfully implemented in over **736 elementary schools** and the **Secondary DLE Model** is successfully implemented in **16 middle schools and 6 high schools in 137 school districts across 11 states: Alaska, California, Colorado, Illinois, Kansas, New Mexico, New York, Oklahoma, Oregon, Texas and Washington.**

Dr. Leo Gómez has conducted countless professional development workshops on DLE program development and implementation and other topics in the field of bilingual/ESL education, as well as secured, administered and evaluated Title VII and Title III Bilingual/ESL grant programs.
