

### Qualifications

Dr. Leo Gómez, retired professor in the field of Bilingual/ESL Education, has implemented the Gómez & Gómez Dual Language Enrichment (DLE) Model since 1996. The *Dual Language Training Institute* is offering a **2-Day Training** titled: *Creating Specialized Vocabulary Enrichment (SVE) Activities used in the Gómez & Gómez Dual Language Enrichment Model*. This 2-day training is applicable to **PK-5th** grade levels and **only** in schools or districts currently implementing the Gómez & Gómez DLE Model.

Over the last 20 years, his research has focused on linguistic and academic issues that affect language minority populations, particularly Spanish dominant *DLLs*. He has published several articles on DLE, describing the need for schools to implement *enrichment* models of bilingual education that not only more effectively educate bilingual learners, but **all** children. To this end, he has been extensively involved in the development, implementation and assessment of one-way & two-way dual language programs implementing a *Dual Language Enrichment Model* he originally developed in 1995. The consistent implementation of this model has proven effective in improving the long-term academic and linguistic achievement (based on standardized test in reading & mathematics) of Spanish **and** English dominant students.

Today, the **Gómez & Gómez Elementary DLE Model** is successfully implemented in over **736 elementary schools** and the **Secondary DLE Model** is successfully implemented in **16 middle schools and 6 high schools in 137 school districts across 11 states: Alaska, California, Colorado, Illinois, Kansas, New Mexico, New York, Oklahoma, Oregon, Texas and Washington.**

Dr. Leo Gómez has conducted countless professional development workshops on DLE program development and implementation and other topics in the field of bilingual/ESL education, as well as secured, administered and evaluated Title VII and Title III Bilingual/ESL grant programs.
